

Joint CV for two Health Economics consultants available via Apple Education Limited.

Dr. Domenico Moro

Tel: 07855242126 Email: d.moro@bham.ac.uk

Dr. Michael Clark

Tel: 07942288481 Email: mdc_healthecon@outlook.com

Personal Profile [Dr Moro]:

A highly educated and self-motivated Economics and Health Economics researcher, & also a Lecturer in Economics with highly developed analytical, IT and project management skills. An accomplished bilingual Economist with advanced project management and research capabilities and an instinctive problem-solving ability. Excellent communication and organizational skills developed through both academic and private sector employment experiences, with the drive and enthusiasm to succeed. A team player who is flexible in terms of location, and is willing to travel.

Education [Dr Moro]:

- | | |
|-----------|---|
| 2013-2015 | Postgraduate Certificate in Learning and Teaching in Higher Education. <ul style="list-style-type: none">• Birmingham City University, Birmingham, UK. |
| 2003-2007 | PhD in Economics (VIVA: December 2007, Graduation: July 2008). <ul style="list-style-type: none">• PhD Thesis: "Modelling Economics Effects of International Retirement Migration within The European Union."• The University of Warwick, Coventry, UK. |
| 2001-2005 | PhD in Economics (Distinction).
Dottorato di Ricerca in Economia e Diritto XVI Ciclo. <ul style="list-style-type: none">• PhD Thesis: "Three Essays on Social Security, Fiscal Rules and Legal Framework in the European Union."• Università di Bologna, Italy. |
| 2000-2001 | MSc in Economics (Pass - 65%) <ul style="list-style-type: none">• MSc dissertation: "Fiscal Rules in European Monetary Union: a Comparison. between Stability and Growth Pact and the Golden Rule."• University of Warwick, Coventry, UK. |
| 1994-2000 | BSc in Economics and Finance (grade 110/110) <ul style="list-style-type: none">• Including an Erasmus year at Southampton University.• Dissertation: "EMU and Welfare in Europe." Università Cattolica del Sacro Cuore, Piacenza, Italy. |

Personal Profile [Dr Clark]:

A highly educated and self-motivated Health Economics researcher who specializes in Discrete Choice Experiment Health Economics analysis, health economics / health policy analysis, and systematic reviews. Dr Clark has also lectured in Health Economics at leading UK Universities. He has both qualitative and quantitative research experience, and excellent communication and organizational skills developed through both academic and private sector employment work experience.

Education [Dr Clark]:

- 2001 - 2014 **PhD (Economics) – Health Economics thesis, University of Warwick, UK:**
- Title - 'Eliciting preferences in Healthcare: Willingness to Pay, Stakeholder preferences, and Altruistic preferences.'
 - My part-time PhD thesis included a systematic review and also several applied Discrete Choice Experiments, and led onto 5 first author publications.
- 1999 - 2001 **MSc (Quantitative Development Economics), University of Warwick, UK:**
- Average of 'good' pass scores in exams.
 - Distinction for the dissertation (Comparison of hospital based and community based DVT services, using conjoint analysis).
- 1992 - 1993 **MSc (Health Economics) University of York, UK:**
- Passed taught MSc courses and the dissertation (International determinants of health care expenditure).
- 1988 - 1992 **BSc Hons (Economics) Brunel University, UK:**
- Class 2:1.
- 1996 - 1998 **'A' levels – 3 grade 'A' passes, Bury Metropolitan College, UK:**
- In Economics, Sociology, and British Government, and Politics, and also a grade 1 (top grade) at 'S' level in Economics.

Work Experience [Dr Moro] - Private Sector

Dec 2012 – Present **CEO - Apple Education LTD (UK based):**

Main activities:

- Education Tour Operator.
- Health Economics Consultancy.
- Property management.

Dec 2016 – Present **Health Economics Consultancy:**

In addition to being a visiting Professor in Health Economics for Foggia University (Italian University), lecturing postgraduate students, I have also been involved in a wide range of health economics consultancy. I have been contracted via Apple Education by leading international consultancy organizations e.g. Laser analytica, and more recently Certara.

Research involving:

- Design of Discrete Choice Experiment [DCE] and also Relative Social Willingness to Pay [RS-WTP] questionnaires.
- Analysis of DCE data econometrically to derive marginal willingness to pay for changes in attributes.
- Application of both basic econometric models and also advanced preference heterogeneity econometric models to DCE data to establish marginal willingness to pay [MWTP], or marginal rates of substitution [MRS].
- Overall Valuation of Benefits / Social Valuations utilising DCE data, and RS-WTP data.
- Modelling Discrete Choice Experiment Willingness to Pay [DCE-WTP] data to predict demand for different treatments, and to value benefits to calculate Benefits for Cost-Benefit Analysis.
- Cost-Analysis [CA].
- Cost-Effectiveness Analysis [CEA].
- Cost-Utility (cost per QALY) Analysis [CUA].
- Cost-Benefit Analysis [CBA].
- Health Economics Modelling.
- Systematic Reviews or Literature reviews.
- Health Economics protocol development for bids / Health Economics Analysis Plans [HEAPs].
- Production of Health Economics slide decks / Health Economics reports.
- Drafting and finalizing submissions for Health Economics related publications.

Work Experience [Dr Clark] - Private Sector

Dec 2016 – Present Health Economics Consultancy (Apple Education Limited):
I have been involved in a wide range of consultancy for Apple Education Ltd. This has included:

- Design of Discrete Choice Experiment [DCE] and also new Relative Social Willingness to Pay [RS-WTP] questionnaires.
- Qualitative analysis to underpin the design of DCE / questionnaires.
- Analysis of DCE data econometrically to derive marginal willingness to pay [MWTP] or marginal rates of substitution [MRS] for changes in attributes.
- Overall Valuation of Benefits / Social Valuations utilising DCE data, and RS-WTP data.
- Modelling Discrete Choice Experiment Willingness to Pay [DCE-WTP] data to predict demand for different treatments, and to calculate benefits to value Benefits for Cost-Benefit Analysis.
- Cost-Analysis [CA].
- Cost-Benefit Analysis [CBA].
- Health Economics Modelling.
- Systematic Reviews or Literature reviews.
- Health Economics protocol development for bids / Health Economics Analysis Plans [HEAPs].
- Production of Health Economics analysis slide decks.
- Production of Health Economics reports.
- Drafting and finalizing submissions for Health Economics related publications.
- Development of reports / publications utilizing health economics analysis, which sometimes have a market access / pricing focus.

Jan 1997 – May 2013 **Health Economics / Health Policy Consultancy, University of Warwick, UK.**

- Whilst working in different academic posts at the University of Warwick over this period, I was sometimes involved in health economics / health policy consultancy projects for a variety of clients.

Sep 1994 - Dec 1996 **Research Assistant and then Research Associate (Health and Pharmaceutical Economics):** MEDTAP (now incorporated within Evidera), Hanover Square, London, W1, UK.

- Undertook literature reviews and systematic literature reviews for private sector and public sector clients.
- Data preparation / assistance with data analysis for private sector funded economic evaluations.

Work Experience [Dr Moro]:

Academic and public sector experience.

Jan 14 – Present **Lecturer:**
University of Birmingham, UK - Department of Economics.

Courses taught:

- Open Macroeconomics (Postgraduate MSc students).
- International Macroeconomics and Financial Markets (Undergraduate).
- Corporate Finance (Undergraduate).

Relevant administrative roles:

- UG & PG Senior tutor.
- Admission tutor.

Jan 21 – Present **External Examiner:**
University of Essex, UK - Department of Economics.

- Postgraduates Modules.

Mar 2019 – Present **Visiting Professor (part-time):**
University of Foggia, Italy – Department of Economics.

- Postgraduate Health Economics course (for PhD students).

Mar 2021 – Present **Visiting Professor (part-time):**
University of Novara, Italy – Department of Economics.

- Postgraduate - Open Macroeconomics.

Sept 13 – April 18 **Senior Lecturer:**

- Birmingham City University - Department of Business and Marketing and Economics.

Courses taught: (Undergraduate):

- Microeconomics.
- Labour Economics.
- Business and Economics.
- Environment Economics.
- Also Personal tutoring role.

- Feb 08 – Sept 18 **Lecturer (Sessional):**
- Facolta' di Ingegneria dei Sistemi, Politecnico di Milano, Sede di Cremona.
- Courses taught:
- Microeconomics and Macroeconomics (Undergraduate).
- Sept 09- Sept 13 **Research Fellow (Full time):**
- Third Sector Research Centre, University of Birmingham
www.tsrc.ac.uk
- Topics of research:
- To provide quantitative measures of third sector organizations activity;
 - To examine the workforce employed within the sector, their characteristics and contribution;
- Courses taught:
- Introduction to Economics for Non-Specialists (module lecturer).
 - The Economics of Public Expenditure (4 hours as guest lecturer).
- Sept 02 – Sept 13 **Researcher in Health Economics (contractor).**
Centre for Health Services Studies (Warwick Business School), University of Warwick Coventry, and more recently instead at Warwick Medical School.
- Clinical research areas included Deep Vein Thrombosis and Menstrual Disorders / Gynecology, Ankle Sprains, Renal transplants, and Renal dialysis.
 - Techniques used: Discrete Choice Experiments, Cost-Effectiveness / Cost-Utility Analysis [ICERs and CEACs].
- Feb 06 – Sept 09 **Research Fellow.**
Economics Department, Universita' Cattolica Sacro Cuore, Piacenza, Italy.
- Research Projects:
- Research project (D1) Growth and dimension distribution of Italian factory: a parametric and non-parametric approach.”
 - Generational Accounting.
 - Non-linear dynamic discrete models with Prof. Anna Agliari.
- Courses taught:
- Macroeconomics (PhD students).
 - PhD seminars.
 - Macroeconomics (Undergraduate and postgraduate).
 - Microeconomics (Undergraduate).
 - Politics and Economics.
 - Applied Economics.
- Feb 08 – March 11 **Lecturer (Sessional).**
Law Department, Universita' Magna Graecia, Italy.
Courses taught:
- Health economics (Postgraduate-Laurea Specialistica).
 - PhD Seminars.
- Feb 08 – March 09 **Lecturer (Sessional).**

Economics and Law Department, Università' Mediterranea Reggio Calabria, Italy

Courses taught:

- Politica Economica (Undergraduate)

Sept 02 – Feb 06

Research Assistant

Economics Department, University of Warwick, Coventry.

Bibliography research

Matlab programming

Indexing / Editing books:

1. Group Formation in Economics, *Cambridge University Press*.
2. Maths for Economics, *Oxford University Press*.

Courses taught:

- Quantitative Techniques (Mathematics and Statistics for Economics, First year undergraduate).
- Computer Data Analysis (Mathematics and Statistics for Economics, First year undergraduate).
- Management (Summer School for the National Academy for Gifted and Talented Youth).

Work Experience [Dr Clark]:

Academic and Public sector experience.

Mar 2023 – May 2023 Research role – Unitemps Salford.

Unitemps role for the University of Salford.

- Ended on schedule after successful completion of all allocated research tasks.

Aug 2015 – Aug 2016 Visiting academic at Norwich Medical School, UEA.

- Worked upon submissions for publication.

Jan 2015 – Jul 2015 Grade 8 Researcher / Research Development Services Advisor

Norwich Medical School, UEA.

- Also Lectured and provided some Health Economics seminars to students taking an MSc in Health Economics / Health Policy at UEA.

Apr 2014 – Jul 2014 Technical Adviser, Medical Technology Evaluation Programme - NICE, Manchester:

- Engaged with companies who developed new medical equipment, to encourage them to notify suitable products to NICE for assessment.
- Technical advice in relation to the content of NICE Medtech Innovation Briefings, and in relation to the content of Briefing Notes presented to the Medical Technology Assessment Committee at NICE.

Oct 2004 – May 2013 Senior Research Fellow (Health Economics) – Grade 8 research post: Warwick Medical School, University of Warwick, Coventry, UK.

- Cost-Effectiveness analyses / Cost-Utility analyses alongside clinical trials.
- Designed, managed, and executed Discrete Choice Experiment health economics research.

- Undertook some health economics lectures for postgraduate medical students, and also students taking an MSc in Public Health at Warwick University.

Oct 2001 – May 2004 Senior Research Fellow (Health Economics) – Grade 8 research post: Centre for Health Services Studies, Warwick Business School, University of Warwick, Coventry, UK.

- Cost-Effectiveness analyses / Cost-Utility analyses alongside clinical trials.
- Designed, managed, and executed Discrete Choice Experiment health economics research.
- Undertook health economics lectures for students taking an MSc Child Health and an MSc in Public Health at Warwick University.
- Worked upon health economics / health policy consultancy projects for both private and public sector organisations.

Jan 1997 – Oct 2001 Research Fellow (Health Economics) Centre for Health Services Studies, Warwick Business School, University of Warwick, Coventry, UK.

- Cost-Effectiveness analyses analysis alongside clinical trials.
- Undertook some Discrete Choice Experiment health economics research.
- Worked upon health economics / health policy consultancy projects for both private and public sector organisations.

June - Sep 1994 Consultant Economic Assistant (Drug Price Regulation): Department of Health, Skipton House, London, UK.

- Worked upon a report about the competitiveness of some pharma markets to inform aspects of UK drug price regulation policy.

July - Sep 1992 Research Assistant: Health Economics Research Group, Brunel University, Uxbridge, Middlesex, UK.

- Input into economic evaluation of picture archive communications system [PACS] medical imaging technology.

Software knowledge (expertise held by either Dr Moro or Dr Clark):

- ELearning:
 - Moodle.
 - Canvas.
 - Blackboard.
 - WebCt.
 - Pebblepad.
- Matlab and Maple Summer School in Applied Economics – Programming in MatLab (University of Lecce, Italy 2005).
- Stata, Eviews and SPSS.
- Latex, scientific Word.
- SAS.
- Endnote.
- Microsoft Word, Excel, Powerpoint, and Outlook.
